No. 188.—The following India Army Order by His Excellency the Commander-in-Chief in India, No. 22-A/1287/A.G. 2, dated Army Headquarters, Bomb., the 22nd April 1934, is republished:—

Army India Reserve of Officers.—The officers of the Army in India Reserve of Officers will be classified by District Commanders for the purpose of liability to undergo prescribed training as follows:—

Class A.—Officers whose duties in civil life directly fit them to undertake the duties required of them in war in the special reserves listed, which they are born, e.g., officers employed in civil life in the military police or as railway, telecommunication, engineering, motor transport, medical or veterinary work. Officers in this class will be exempted from all periodical training.

Class B.—Officers not included in Class A. District Commanders will be held responsible for ensuring that the liability of officers of this class does not exempt them from liability to undergo the minimum prescribed training prescribed by Army Regulations, India, Volume II, Appendix XXX, paragraphs 10-14 and, after considering the case of each individual officer as the matter will decide whether:—

(a) he will be exempted from all periodical training, or

(b) he will be held liable to complete a periodical training of 14 days, if called upon to do so.

Any officer in the Army in India Reserve of Officers may volunteer to complete the minimum period of training as prescribed for his branch of the service in Army Regulations, India, Volume II, Appendix XXX, paragraphs 10-14, or less period provided that it is not less than 14 days. An officer appointed to the cavalry, artillery, infantry or poonah, who elects to complete 30 days' training in one year, will not be required to undergo training in the following year, if he declines to be exempted.

On joining the Army in India Reserve of Officers, officers will be required to state, with the necessary, when necessary, of their employment, how soon they would be available, if called to Army service. The period of notice required will be recorded as follows:—

In any emergency:—

I. Available at once II. Available within 3 months; III. Available within 3 to 4 months; IV. Available after 4 months

In grave emergency:—

V.—Available only when the officers of the first four categories have been called up for Army service.

The above order of availability prevails for the two classes described in Army Regulations, India, Volume II, Appendix XXX, paragraph 11, and will be observed, as far as the exigencies of the service permit, in calling up officers for military duty.

4. Throughout officer in the Army in India Reserve of Officers will be given a double classification under paragraphs 1 and 2 above, e.g., "A III" denotes an officer who is exempt from training but should not be called up, if possible, for at least three months after the emergency has arisen. "B II" denotes an officer who is not exempt from periodical training by reason of the nature of his civil profession but is immediately available for Army service.

5. As soon as possible after an officer has joined the Army in India Reserve of Officers the District Commander concerned will ascertain and report his double classification to the Military Secretary, Army Headquarters, as well as any changes as they may occur subsequently.

6. District and Independent Brigade Commanders will maintain a register of all officers of the Army in India Reserve of Officers resident within their areas.

Officers of the reserves will report in writing, now and on, each succeeding 1st January to the Officer Commanding the District or Independent Brigade Area in which they reside. The report should state the officer's address, if he is fit and available for service, and whether any alteration in his classification is necessary.

No. 518.—The following will be submitted for the Assent to G.O. No. 567, L. & M., dated 12th April 1923, regarding acquisition of lands assigned to distinguished soldiers from land-use order section 113 of the Madras Local Boards Act, 1919:—

CONDITIONS OF GRANT.

(1) The land shall be held free of encumbrance and tax for one or two years according to dimensions.

(2) The land shall be brought under cultivation at once, but where the nature of the land is such that immediate tillage is impossible a period shall be permitted with reference to the evidence of work done within which the land shall be brought under cultivation. Failure to bring the land under cultivation will render the grant liable to revocation.

(3) The land shall be liable to the full assessment and tax if it is alienated or encumbered otherwise than hereinafter provided under the Land Improvement Loans Act, 1913, or the Agricultural Loans Act, 1915.

(4) If the land is alienated without the sanction of Government in favour of any person other than a British subject or a subject of an Indian State the grant shall thereupon become null and void.

(5) On the expiry of the period of freedom from assessment and tax, full assessment shall be leviable subject to provision made in the regulations.

(6) The land shall be held subject to the condition of loyal behaviour and entire support of Government in times of trouble or disaster. A breach of the condition will involve confiscation, forfeiture, and the Local Government shall, in all cases, be the final authority to decide whether the condition has been violated.

Port St. George, May 5, 1921 (G.O. No. 26, 1123, L. & M.).

No. 121.—It has been brought to the notice of the Government that the collection of a municipal office who had nothing to do with such an collection work collected fees due to the municipal council giving passport receipts in the same name. The amounts thus collected were in some cases not credited to the municipal council, while in others even they were modified long after they were collected. Similar cases of misappropriation of municipal money by such officers are also of frequent occurrence. Such misappropriations are not infrequently possible by the negligence of the persons who accept unnumbered manuscript receipts for the payments made by them. Owing to the number of the printed receipts issued in the last books in such cases the misappropriations are not capable of being detected by the mere scrutiny of the check book alone in Article 110 of the Municipal Council Code. They can be detected only when various returns are made to the municipalities. Gravity considerable time elapses before such action is taken and in the meantime the amounts collected are unaccounted for. It would be possible to prevent or check to a large extent such misappropriations, if Officers of Municipal Councils and Secretaries at Municipal Offices would on their receipt of receipts enquire whenever possible of those who are delinquents according to the municipal books, whether they had paid the same or other amounts due to the council, and ascertain the receipts in their possession if payment is stated to have been made. This procedure is recommended to all Officers of Municipal Councils. The public generally may also be warned of the risk involved in accepting unnumbered manuscript receipts from municipal subdivisions for payments made by them.

Port St. George, May 13, 1921 (Memo. No. 11247-1, L. & M.).

No. 122.—Under section 23 (2) of the Madras District Municipalities Act, 1919, persons who are in receipt of pensions are liable on producing in support of their positions. Wound pensioners, though they come under the heading "pensioners", are exempted in extraordinary circumstances and it would be an act of grace on the part of Councils if they exempt pensioners in receipt of such pensions from the payment of pensioners fees. The number of such pensioners residing within each municipal is still very small so that the exemption will not materially affect the finances of Municipal Councils. The Government have exempted wound pensioners from taxation.

3. Municipal Councils are accordingly advised to exempt as a class persons in receipt of wound pensions and apply to Collectors for the requisite sanction under section 217 of the Madras District Municipalities Act, 1919.

[PUBLISHED BY THE U. S. GOVERNMENT PRINTING OFFICE: 1965 O - 345-000]

The school re-opens on the 10th June 1994 after the summer vacation.

Admission—Admission is open only to such as have at least two students of the Y Form for a full year in a recognized high school. This is generally the minimum general education qualification necessary for admission to the college. It is necessary to have some knowledge of English, at least such as is customarily possessed by a qualified G.E.C. holder. The highest the general admission qualification, of course, is necessary to advance the course with credit. The training given in the school, and the opportunity to attend that training is admissions. Admission will get a letter on which will be given as vacancies occur. Those that do not get admission at one time will get a letter on which they complete their full course in the school.

Student Fee—Three cents per subject per term, except for Typewriting, payable in three equal installments in the months of January, February and March, and again in the months of June, July and August. The fee for Typewriting is Rs. 25 per term also payable similarly. The same rate of fee is charged for each of the grades.

Subjects and Class.—In the English Department, instruction is given in the following six commercial subjects, and students are prepared for the Government Technical Examinations in the Lower and Higher grades in each.

- | | |
|---|----------------------------|
| (a) Book-keeping. | (iv) Commercial Geography. |
| (b) Theory and Practice of Commerce or | (v) Shorthand (Pitman's). |
| Commercial Law and Practice. | (vi) Typewriting. |
| (c) Book-binding and Political Economy. | |

Each of the grades in a subject generally takes a year.

Terminals.—The terminals are so arranged as to enable a beginner to study almost all the subjects taught in the school in one and the same year.

Students of the Typewriting class are divided into batches, each batch practicing for one hour every school day. This class is held from 7-45 to 10-45 a.m. and from 1-30 to 3-45 p.m. The other classes are held from 7-45 to 8-45 a.m. and from 4-00 to 5-30 p.m. All the classes are held in the morning and evening hours, to afford facilities specially to young men studying in day schools or employed in offices.

School year and sessions.—The school begins every year in January and ends on 28th November. The first term is from January to March and the second term is from June to November. The Government Technical Examinations in all the subjects under Commerce are held towards the end of November every year, and the school closes immediately for the Christmas vacation and reopens early in January. The examinations in Shorthand and Typewriting are held in April also, immediately after which the mid-summer vacation begins. The school will resume about the middle of June after mid-summer recess. Those that wish to begin the study of commercial subjects and to join the school will, therefore, be admitted only in January every year; and such students must join early in January, at least before the 15th. Admissions may also be made in June for a week after the re-opening of the school, in the case of those who might already possess a knowledge of the subjects as to enable them to join possibly the classes then at work.

At a special rate this year (beginning that year's admission in June will be granted up for the Lower grade examinations of November 1921, in all subjects except Shorthand and Typewriting and those that join the Shorthand and Typewriting classes will be prepared for the Lower grade examinations of April 1922.

INCOME-TAX NOTIFICATION

DISCUSSION

The following resolution of the Government of India, Central Board of Revenue Department (Income-tax Branch), dated 27th April 1924, is published:—

No. 1285.—The Central Board of Revenue have had under consideration for some time past the question of simplifying the procedure for dealing with claims for refund of income tax under section 48 of the Indian Income-tax Act, 1922, from certificates in England. An amended order made by the Indian Income-tax Rules, 1918, applicable for the refund of tax when the applicant is a resident in India are to be modified.

(i) as the Designation Officer of the district in area in which he was first charged to Indian income-tax when he resided, or

(ii) If he has never been an resident, to the Income-tax Officer of the District or area where the income-tax for the relevant year of application in trade was deducted.

It sometimes happens that applicants for visas are resident in the United Kingdom, including the Irish Free State, derive their financial resources in three or four different premises and have to submit applications for visas to three or four consular Offices and, each such application has to be accompanied by a return of the total income of the applicant in British funds. This arrangement is inconvenient and the Board has accordingly assigned what is called a "visa" to each of these premises and each such return is to be made to the High Commissioner for Ireland. The following instructions are published for the general information of the public:

(2) All persons conducting the United Kingdom including the Irish Free State should submit applications for return to the High Commissioner for India, under section 16 of the Indian Immigration Act, 1923. Persons who are generally resident in India and are only temporarily in the United Kingdom including the Irish Free State will not be treated as persons resident in the United Kingdom including the Irish Free State for the purposes of these regulations.

(2) The application for refund should be in the form prescribed by rule 26 of the Indian Income-tax Rules, 1922, and should be presented by rules 37 and 39 of the said rules as necessary.

(b) a return of the total income of the applicant in British India in the form prescribed by section 12 of the Indian Income-tax Act, and

(d) activities prescribed by rules 12 and 14 under section 38 (7) or section 39 of the Act in respect of interest on securities or dividends from corporations.

(8) The rate at which refund will be granted to the applicant will be the difference between the rate applicable to the claimant's total income and the maximum rate of taxation fixed by the Indian Income Tax Act for the year in which the dividend was declared or the income or securities was given.

(4) In order to guard against the possibility of double refunds, the High Commissioner for India will after paying the refund send a list of such refunds to the Central Board of Excise.

(c) All certificates presented by sections 28 (H) and 29 of the Act, which are presented by applicants with claims for refund of tax to the High Commissioner for India in England will be duly considered.

This arrangement will come into force from the 1st June, 1954.

DEPARTMENT OF AGRICULTURE.

CULTIVATION STATEMENT FOR 1925-26.

General.—The season in 1925-26 was normal only in the Cochin and Kottam, Adra, Tanjore, and the Pongor tract. Elsewhere, the rainfall was ill-distributed with excessive rain in some parts and drought in most other parts.

The north-west monsoon gave beneficial rains in the West Coast. It was fair in the Cochin and Kottam but elsewhere it was poor.

The south-east monsoon gave excessive rains in the coastal tracts of Ganjam, Pimpri, and Tanjore. It failed almost completely in the Deccan and on the West Coast, North Arcot, Salem, and parts of Cochin State suffered from drought during both the monsoons.

The water-supply was sufficient only in the main river systems.

On the whole, the year was unproductive.

1. Dry South.—Rains in 1925-26 were satisfactory in Ganjam, Kottam, and Kottam and deficient in Annapur, the Central and Southern districts and Malabar. On the whole, average in the Presidency was estimated by five per cent.

2. Wet North.—Rains were satisfactory in the Cochin and parts of the Southern districts. They were deficient in Annapur, Salem, Chingleput, and the Central districts. On the whole, the average in the Presidency was the same as the average but less than last year by five per cent.

Madras, 7th May 1926.
